1. ([REDACTED] - DFM) Called Bill Jones, INR/OIL, in response to his call to [REDACTED] regarding the Agency's response on S. 99. The bill, introduced by Senator Hubert H. Humphrey (D., Minn.), would create a Joint Committee on National Security. I gave Mr. Jones the thrust of our response and said I would send him a copy of it after it had been finalized.

2. ([REDACTED] - JMD) Gretchen Kline, in the office of Representative Tennyson Guyer, called and asked if we would have any interest in a young man with a Spanish language capability for summer employment. After checking with the Office of Personnel, I called her back and said the deadline for summer employee applications was 1 January and we really did not have an opening for anyone with Spanish language capabilities right now. She said she appreciated my checking and thus avoiding a delay.

4. ([REDACTED] - PLC) Called Bill Hogan, Counsel, House Armed Services Committee, and confirmed with him that our operations people are strong in their request that the references to certain countries in the soon to be released testimony of [REDACTED] be deleted to avoid any problems. Hogan had called earlier to request that we reevaluate our position since certain identities had been leaked to the press. I explained that the leaks should not force us to officially confirm these identities.
